Prospective Clients for Interior Design Services

To Whom It May Concern,

Re: *Ms. Frauke Illing of Frauke Illing Interior Design*

I have known Frauke Illing for approximately 25 years. We have worked together on a variety of different project types from single family homes, offices, to condominium building public area renovations.

Frauke effectively and collaboratively engages clients to articulate and realize their goals within the budget and schedule. She works with single private clients and can navigate design approvals through condominium tenant boards.

I have also recommended and referred Frauke to many people and have retained her firm directly to work with my firm. All projects have been positively embraced.

Frauke is an extremely knowledgeable resource and talented interior designer. She brings unique and creative solutions to every project regardless of size and budget. This includes home renovations, corporate and condominium lobbies, and has recently conceived of a visionary "aging in place" home prototype.

I highly recommend Frauke without reservation. Enjoy the experience working with her.
